

## You Can Build Your Own Empire you know... Just 20 Pages at a Time!

The premise of this report is that you can build an empire of nearly any size, based on creating and selling small products. You can create products of any size, from a quick 7-page report to one of the huge, multiple-DVD-and-manual sets that you see being sold in the megalaunches. After you've developed some initial products, it's a matter of experience and mindset. Nothing else. In the beginning, the small, quickie projects bring some serious benefits. The biggest is that, to do a thing, you first have to believe it's possible. I think everyone believes that they can write 20 pages of sensible information on at least one topic, and sell at least one copy. If you can do just that, you can make this work.
