Recipes for Sea Food

BOSTON FISH MARKET CORPORATION
TESSEES of New Commonwealth Wharf in South J Boston, a cut of which will be found on cover, built especially and to be used exclusively for the fresh fish business. Made entirely of cement, brick and glazed tile, thoroughly hygienic, in keeping with requirements of Board of Health, and fireproof. Provides dock berths for forty vessels and can unload from eighty Vessels at same time. Contains an Administration Building and Cold Storage and Power Plant, and two long buildings containing forty-four fish stores. The entire property comprises 537,100 square feet. Spur tracks on our property will make railroad facilities ample to all parts of the country. Governor Draper, realizing the value of the industry to his State, was principal factor in getting the lease. The property is the best appointed, and second in size only to Grimsby, England, of any fish market in the world. (iii) NEW ENGLAND FISH EXCHANGE FORMED September, 1908, to maintain a room for the purchase and sale of fish, guaranteeing the consummation of all sales and purchases registered with it, serving both dealers and captains of vessels. Through its various channels it aims to better all conditions of the industry. Acts as clearing agency for all dealers and matters in general pertaining to the business. We will be glad to co-operate with the Health Board of any section to prevent the sale of bad fish. W. K. BEARDSLEY, Manager. (iy) WHOLESALE FISH DEALERS CREDIT ASSOCIATION

OWING to the magnitude of the business as represented from a financial standpoint, the large and varied territory over which it expands, it became imperative to safeguard as far as possible the individual and collective interests of all the dealers and to that end the Wholesale Fish Dealers* Credit Association (two

departments. Credit and Collection) was formed. Its additional purpose also is to protect the honest retailer, so far as lies in its power, against the competition of the unscrupulous and designing who do not pay their honest obligations. It is advisable, when seeking credit, to file with the association a statement on blanks provided for this purpose. These statements are affirmed or denied by our Correspondents who represent the association in all parts of this country and Canada. Such references qualify or deny the seeker to an open account. Delinquents or slow pay* are put on a cash basis. Unscrupulous retailers or those who by design or sharp practice do not meet their honest obligations, arrangements are perfected for their prosecution. The compiled records, both credit and undesirables, are open to the inspection of all the dealers, hence it behooves any and all retailers to observe the one golden maxim, /e., Honesty is the Best Policy. **While yet in its infancy, the association has demonstrated its worth, proven a valuable adjunct to our line, and has received many flattering testimonials from different business sections of the country. B. A. DOHERTY, Manager.
