

Screwing the Rules: The No-Games Guide to Love

Dating isnt about games; its about strategy. Whats the difference? Games are for fun and manipulation. Strategy is about dating smart and on-purpose. Screwing the Rules will challenge you to examine your expectations, hopes and dreams, dating strategy, relationship goals and yourself so that you can find the one, as opposed to just another some one. Screwing the Rules will take you full circle, from working on yourself and figuring out what you need in a guy, to how to find him, get him, and keep him (or cut him loose and get over him if you need to). Get ready to become your best, most confident, powerfully feminine self through no-games insight, tools, and actionable advice that will finally put you on the right path to find your ideal match.
