

## Outperforming Wall Street

Outsmarting Wall Street brings to light one of the simplest and most sensible strategies for picking stocks ever devised. In the third edition of this investment classic, the author unveils new approaches to selecting income-paying stocks, mutual funds, and stocks to short. Specific topics include: Why patience and discipline are critical to investment success; Rules for conservative and aggressive investing; How to identify long-term growth stocks; Why technology stocks offer great opportunities; When to buy and sell.
