

Soups & Broths (Cooking for Today Series)

Home made soups are simple to prepare, economical and nutritious, yet to many people they are complicated dishes best left to the professionals. This book will show you how easy it is to make all kinds of soups and broths, and how delicious they can be with the minimum of effort. There are recipes for every occasion, each illustrated in color with clear step by step photographs. On a hot sunny day you can serve a refreshing chilled soup such as Gazpacho; when you're having a dinner party, impress your guests with an elegant Salmon Bisque or Creamed Pheasant soup; and in the middle of winter everyone will be glad of a warming bowl of spicy Red Bean Chowder. In the final section of the book you'll find invaluable advice on making your own stocks, dressing up your soups with simple garnishes, and recipes for accompaniments.
