

Start and Run a Profitable Home Cleaning Business (Self-Counsel Business Series) (Start & Run a Profitable)

Because today's demanding careers and life-styles mean people have less time to devote to domestic duties (and often more money to pay to have them done), a home cleaning business can start out small and soon grow to be a multi-million dollar business. Low overhead, high profit potential, and small investment make it easy to get into the home cleaning business. As your business grows, this book will help you lease office space, hire staff, purchase a fleet of vehicles, and develop your own products and customized services. Includes: -- Creating a business plan-- Finding and training staff-- Pricing competitively-- Purchasing the proper equipment
