

The Moms on Call Guide to Basic Baby Care: The First 6 Months, Instructional DVD Included

Laura Hunter and Jennifer Walker are on-call pediatric nurses and mothers. While answering parents questions, they realized new parents lack the basic information needed to care for their infants. Moms and dads no longer have the advantage of grandma living next door to share her years of wisdom. Theyre on their own--and they need help. This simple guide addresses real-life, basic infant care needs for new moms and dads. Topics range from feedings and bedtime routines to common medical questions. The included instructional DVD gives parents visual step-by-step demonstrations of how to care for a newborn to six-month-old.
