

# The Law of Tax-Exempt Organizations, 2001 Cumulative Supplement (Wiley Nonprofit Law, Finance and Management Series)

Nonprofit organizations face a special set of rules governing everything from how they charter their organization, to their methods of measuring unrelated business income, and how they lobby (and if, in fact, they should continue to be allowed to lobby). Nonprofit lawyers, accountants, and directors need an easy-to-use reference work in understandable language to help them comprehend the issues and make informed decisions. This core volume (ISBN 0471-196290) is supplemented annually. The 2002 Cumulative Supplement (ISBN 0471-443425) includes: New information on: relief of the poor, constitutional law framework, business leagues, public use of facilities, taxation of social clubs, and the sale of club assets. New and revised sections on Internet activities, ancillary joint ventures, and state action doctrine. This supplement updates the core volume, Hopkins/The Law of Tax-Exempt Organizations, 7th Edition (ISBN 0471-196290).
