

Teenvestor: The Practical Investment Guide for Teens and their Parents

An easy-to-understand guide for teaching teens and their parents how to invest in the stock market, TeenVestor is the first hands-on and web-interactive investment book of its kind. By using this book, along with the teenvestor.com website, teens will learn how to make money multiply by steadily investing over time. Everything they need to get started is right here. * Invest in stocks, mutual funds, IRAs, and college savings plan * Research investment options on the Internet * Become a better investor by including parents in the process * Develop valuable investing and saving habits Good information in an accessible, and unlike many books aimed toward the younger market, unpatronizing manner.
