

Jennifer, head of an influential PAC in Washington DC is murdered and left for dead. She comes back to life and realizes nothing happened to her when she died and the life she is living is all there is. Jennifer had not lived a life that was honest and responsible and, with the help of Anson who works at the Body Farm where she was hidden, now has the opportunity to correct her wrongdoing. Readers who hold strong religious beliefs may be upset by the atheistic theme of the book. It is not the intention of the author to insult or irritate, but rather to seek common ground we can share as human beings on Earth.
