

## Wish for the Moon (Circle of Destiny)

Matthias Thorne, a heroic knight, finds himself accused of a horrible crime he doesn't remember. He flees his home in shame, believing he is guilty, but in his flight he stumbles across an ancient portal taking him far away to the future. In modern day Wales, Matthias lives with the troubles of the past long buried. He guards the mystery on his ancestral property as closely as he guards his own heart—until Carrie Greer, a modern-day herbalist, accidentally discovers his secret and drags him back to the hell he left behind in the 13th century. Thrust into close confines with Carrie, Matthias is drawn into the depths of her trusting eyes and forms a tenuous bond with her that soon ignites a burning passion. Carrie's faith becomes his inspiration as he fights inner demons that could shatter the bond of trust growing between them. Together they fight enemies of the flesh, church and time as Matthias attempts to win Carrie's love before his dark secret chases her away.
