

The Seasonality Secrets - Making Money Year After Year

The Seasonality Secrets is a must read for anyone new or old to the financial trading or Investing. This book is NOT based on old fashion theories or textbook scenarios, the strategies are instead based on tried and tested methods for each calendar month (January to December). Taking advantage of market seasonality patterns is one of the most secretive strategies among the high achievers in trading stocks. Even if you trade smaller amounts and make a few mistakes you can still make money. This book shows you something very very simple to know whether we should buy something or sell something on each calendar month (January to December). These loop holes have already produced multi-million fortunes for real life investors who have used them. Using these proven investing strategies over enough time, you can see an compounding in the growth of your wealth to help achieve the goal of becoming wealthy. The information in this Book could be very valuable in your trading and the fact that a pattern has been repeated 80-90% of the time makes it statistically significant.
