

The Dynamic Option Selection System: Analyzing Markets and Managing Risk

An indispensable resource for experienced and novice options traders and hedgers alike Dynamic Option Selection System Howard Simons offers an in-depth look at options and risk management for the serious market participant. He uses his extensive experience as a trader and trading systems designer to provide ten basic principles that are at the foundation of every successful trading methodology. -Leo Melamed, Chairman Emeritus and Senior Policy Advisor, Chicago Mercantile Exchange; Chairman and CEO, Sakura Dellsheer, Inc. Howard Simons's engaging, colloquial manner makes The Dynamic Option Selection System: Analyzing Markets and Managing Risk an enjoyable read for even the most accomplished professional hedger. His ample use of real-life stories, like parables, illustrate the nuances of trading and the complex and opposing interests of buyers and sellers in the marketplace. -Jack Wing, Executive Director and Professor, Center for Law and Financial Markets, Illinois Institute of Technology It is the risk of potential reward that motivates many traders in today's markets. Employing Howard's ten simple principles allows us to put ourselves in the position where the accidents will work in our favor so that we can remain In the Game. -Bennett J. Corn, President and CEO, Winnipeg Commodity Exchange; Former President, Coffee, Sugar & Cocoa Exchange, Inc.
