

The Miracle Problem Solver: Using Crystals and the power of Sedona to transform your life

The Miracle Problem Solver provides the key to solving every problematic situation in your life, quite literally with a stones throw. For those familiar with systemic constellation work or crystal grids, some elements in Kiras work will seem like old friends, but prior knowledge of the method is not required. This book is for all those wanting to connect to universal wisdom and heal their lives in a few simple steps. Kira received this method directly from the source during a meditation on one of the most powerful places on this earth, the Bell Rock in Sedona. The name used throughout her work (the SOURCE method) is therefore both a perfect fit and an acronym for its essence: Sedona Stone Oracle Unity-Recreating Constellation Experience. An ingenious, simple method The perfect answer for those seeking a new kind of constellation work Everything falls into place by itself All you need is a handful of crystals or stones The solutions lies within the problem!
