

The Parent Principle

A well-organized how to book on obtaining success in raising your child. Based on his 20 years of experience as a Pediatrician and Rehabilitation expert, Dr. Alpiner explains the importance of key topics, including health and nutrition, stress, self-esteem, sensory processing, social skills and sleep, that will be of great interest to every parent, as well as teachers. His approach, based on recent brain science, common sense, and his own experience as a parent, is well researched, practical, and action oriented.
