

The Sacred Quest: The Quest Begins (Sacred Quest Trilogy)

A woman uncovers a dark secret in an ancient castle, one that tore her from her great love of an age long past: a mighty alchemist named Magus. Leaving the castle with a mysterious ring upon her finger she is catapulted upon a thrilling journey of darkness and danger, magic and daring as she attempts to reunite with the Magus once more. The world she knows shatters, replaced with a new world of synchronistic alchemy born in the mythical tale she begins writing. As the stories characters and events uncannily come to life, leading her on an incredible trail through quantum time to the Magus, so does she come face to face with the terror that once tore them apart.
