

## Weaving Narrative Nets to Capture Classrooms: Multimethod Qualitative Approaches for Educational Research (Contemporary Trends and Issues in Science Education)

This book seeks to find an appropriate balance between thoughtful consideration of issues related to qualitative research in education - methods, stances and standards - and practical how to advice for beginning researchers. It includes School Stories: a compelling, 56 page, and research-based novel of classroom life reflecting on a year in the life of a group of teachers and students. It is of interest to graduate students and faculty in educational research.
