

Easy Paleo Family Recipes: Start Eating Healthy & Lose Weight And Feel Great In Only 7 days

If you are one of those millions of people who suffer from food allergies, obesity or other health problems, then this cookbook is for you. The book consists of real Paleolithic recipes that are amazingly delicious and easy to cook for the busy moms. This paleo cookbook features 25 recipes including breakfast, lunch, snacks, dinner and dessert recipes. This is for sure that all of these recipes are the real Paleolithic, not just a jock like cooking with butter. Moreover, the ingredients used in the recipes are so common enough to be found in your nearest superstore grocery aisle. You will get lots of new ideas to make the healthy paleo food with some variations included in each recipe.

Following these recipes you can create the meals that exactly match your body needs and yet they taste delicious too. The recipes are not only paleo, gluten free and healthy but they are low carb and low fat too. As a bonus, you will find the nutritional facts along with every recipe like calorie count, protein, carbs, fats, fiber and sugar within that dish. Also, serving size and preparation time is included in the recipes. So! Nothing to worry when you are on the track of healthy eating. Grab the cookbook with the recipes that are, undoubtedly, impressive enough for the seasoned foodie as well. Bring yourself out of the boring weight loss or allergy free diet and indulge into the ocean of tastes and flavors with the health inside. Some of the personal favorites included in this book are.....

Gluten free almond flour pancakes
Shrimp and mint salad
Paleo bread
Chicken Fajitas
And Macrons
