

## When Hope Blossoms

Amy Knackstedt hopes a new start in Weaverly, Kansas, will help heal the pain of losing her husband and provide a better future for her three children. But her new neighbor, Tim Roper, is not pleased to have an Old Order Mennonite family living next to his apple orchard. Tim left the Mennonite faith years ago and doesn't want any reminders of his former life. Yet when circumstances throw Amy and Tim together, they form a friendship that surprises them both. Will past hurts always be a barrier between them, or will this tentative relationship blossom into something more?
